

Experienced Fabricator

Industrial Fabricating Corporation
6201 East Molloy Road
East Syracuse, NY 13057
Industrialfabricating.com
315-437-3353

Company Profile:

We have been a custom metal fabricating company since 1957. This fast-growing fabrication and manufacturing company specializes in high-quality metal structures for industrial and commercial clients. We are seeking a highly skilled and detail-oriented Fabricator to join our growing production team. The ideal candidate will have a proven track record in metal fabrication, blueprint interpretation, and precision assembly, with a commitment to quality and safety.

Employment Type: Full-Time - 1st Shift

Responsibilities:

- Read and interpret blueprints, technical drawings, and work orders.
- Fabricate metal components using cutting and forming techniques.
- Operate fabrication equipment such as shears, brakes, and CNC machinery.
- Inspect finished products to ensure they meet specifications and quality standards.
- Maintain a clean, organized, and safe work environment.
- Collaborate with engineers, supervisors, and other team members to meet production goals.

Qualifications:

- **2 to 5+ years** of fabrication experience in a manufacturing or industrial setting.
- Strong knowledge of metals, alloys, and fabrication processes.
- Ability to read and interpret complex blueprints and schematics.
- Skilled in using hand tools, power tools, and precision measuring instruments.
- Strong attention to detail and problem-solving skills.
- Commitment to workplace safety and quality standards.

Benefits:

- Competitive pay based on experience.
- Health, dental, and vision insurance.
- Paid time off and holidays.
- 401(k) with company matching.
- Opportunities for overtime and career advancement.

How to Apply:

Go to our website at industrialfabricating.com to complete the on-line application. Send your resume and a brief cover letter to mkocan@industrialfabricating.com with the subject line "**Experienced Fabricator Application**".
